Trade-In/Remake: I understand that I am trading in my Aggie Ring and will receive a new one. The gold from my original Ring will not be used to make the new Ring. Initial here. _____
	Other (please explain):

Section 4: Free Services Provided During Repair Process

Check all that apply. Refer to images on tx.ag/ringservices for assistance in your decision.

Re-pebble palmside: Re-pebble DO NOT Re-pebble

Reapply Antique finish: Reapply DO NOT Reapply

This generally applies to worn Rings with little-to-no Antique finish visible. If the antiquing is in good condition, the finish should be reapplied to provide the best results. Otherwise, the finish may return uneven and patchy in appearance.

Buff / Polish nicks and scratches: Buff DO NOT Buff

Rings with hand engraving: Balfour will make all attempts to keep the hand engraving on your Ring. On occasion, removing the hand engraving during the repair process is unavoidable. If the hand engraving must be removed, do you authorize Balfour to re-engrave your Ring using a machine generated A&M script? If you select No, Balfour may return your Ring to you without any repairs performed.

Yes No
