Providing Resources: We provide monetary resources for scholarships, student assistance funds and other student and former student needs.

Cultivating Experiences: We cultivate experiences that impact students and former students during their unique Texas A&M journey.

### **Mission of a Texas A&M Club**

Texas A&M Clubs are geographical-based affinity groups that serve as a focus of all organized alumni activity in that area and exist to facilitate the Aggie Spirit among its constituents. Clubs and The Association abide by defined expectations, which foster accountability for both The Association and Clubs.

Texas A&M Clubs are formed to:

*Support Texas A&M University, The Association of Former Students and their local Aggie Network.*

In order to facilitate this mission, each Club shall:

1. Provide each former student with the opportunity to become a member of a worthwhile group, to add something to the group, and to receive something of value from their relationship.
2. Be conducted in a manner appropriate to represent Texas A&M.
3. Provide a forum through which Texas A&M can work to accomplish objectives vital to its future.
4. Encourage participation amongst members to join the Century Club at The Association of Former Students.

When chartering, each Club shall:

1. Submit the required 25 charter signatures needed for approval by The Association of Former Students. If a minimum of 100 former students are not served by the Club, then one-quarter of all former students to be served by the Club must sign the charter application.
2. In no way intrude, overlap, encompass, or compromise an existing service area of a previously chartered A&M Club now active with The Association of Former Students. If an interested party wishes to charter within the boundaries of a current Chartered Club and are unable to receive said Club approval, they must meet all criteria in the Metro Club Forming Provisions as approved by The Association of Former Students.
3. Operate under the Bylaws of a chartered A&M Club and the Charter and Bylaws of The Association of Former Students (see example of Club Bylaws in *New A&M Club - Proposed Bylaws*).

### **Texas A&M Club Classifications**

There are four types of classifications, which each have their own set of support items and expectations.

At the end of this document, each Club will self-identify with one of the four classifications below based on what best fits the Club's needs and its ability to fulfill expectations.

### **At-A-Glance Support Items and Expectations**

## **Accountability for Texas A&M Clubs - Detailed**

- If a Club gets to "Pending" status, all support items will be withheld from the Club.
- If a Club maintains "Pending" status throughout 2019, the Club will move into "Inactive" status and the Club's listing on AggieNetwork.com will be shown as INACTIVE with information to contact The Association's Clubs Program to get the Club restarted. The Association will also begin searching for new leadership. *NOTE: As soon as a Club signs the charter and/or agreement and fulfills the needed expectation, the Club's status will be moved to "Active."*
