tx.ag/AggieMomsEventsHowTo

You can provide everyone with all of your Aggie Mom’s Events by filling out one important form, the "Create Your Muster" form at tx.ag/aggiemomsevents. Access this form by selecting "Add your event" at the top of this page, tx.ag/aggiemomsevents. Please follow the instructions for filling out the form and it will walk you through the rest of the process. You will be able to update your event at any time, and your changes will be reflected immediately on the website for anyone looking to attend your event. Once the event date has passed, the event will disappear from the map and list, but the information will still be stored in the back-end if next years’ event chairs need referencing.

(You must be logged in to AggieNetwork.com to create the event. Creating an account is easy and free! For more information on seeing if you already have an account or how to create an account, see the very last page of this “How-To” .)

Once you click 'Add your event" you'll be asked to choose between "Creating New" or "Edit Existing".

When I search for 77807 under "Create an Aggie Moms Event", it brings up every single event, past and future, that falls in that zip code. This is where you can find information from last year's events. If you would like to see previous events information, click on the "Select" button on the left of the event. You can see the name, date, and contact for each event to better direct you to which event you might be looking for.

From here it will bring you to a form to fill out with your specific event details. **Be sure that under “Organization” you choose “Constituent Network” and “Federation of Texas A&M Univ. Mothers’ Clubs”.** This will better help The Association of Former Students and The Federation pull any lists and details from previous years. The right screenshot below shows the “Extra Information” section of the page and this is where you can add in free text and upload images.
