Howdy, Club Presidents!

We hope your football game watch parties went well last week and you are gearing up to BTHO Clemson this weekend! Don't forget to add your watch parties to tx.ag/watch as you confirm the time and locations, and send us photos to share with the Aggie Network!

Over the past year, the Club Programs team has been working on ways to better serve our Clubs and the Aggie Network. Through evaluating our current program and the resources we provide, we have found areas that we know we can improve in the coming years that will allow your Club to have an even greater impact on the Aggie Network.

This fall, we’re excited to discuss these improvements and added resources with each of your Clubs. Be on the lookout for a follow-up email and a personal conversation from our Club Programs Coordinators with more information on what this looks like for you and your Club in the coming years.

Thanks, gig 'em, and BTHO Clemson!
