Howdy!

This exceptional safari designed exclusively for the Traveling Aggies, explores the Best of Tanzania and travels to extraordinary national parks and reserves such as Tarangire National Park, known for its large herds of elephant and spectacular baobab trees; the Ngorongoro Crater, a garden of Eden and the only place in East Africa where a natural population of black rhino can be found; Olduvai Gorge, one of the most important prehistoric sites on Earth; and the acacia dotted plains of the Serengeti National Park. Join me on safari as we travel in such diverse habitats, and experience unparalleled wildlife viewing opportunities like no other in Africa, including the opportunity to observe the Great Migration - the annual movement of wildebeest and other grazing herbivores in the Serengeti - one of the greatest spectacles of the natural world!

While on safari you will stay in deluxe lodges and tented camps, be treated to gourmet meals including a farewell bush dinner under the stars in the Serengeti. You will have opportunities to explore villages and local communities and will be accompanied by highly skilled safari guides, who will introduce you to the vast wildlife and culture found in East Africa!

Space is limited to just fifteen (15) Aggies so don’t delay. To make your reservation, please return the attached reservation form with your deposit.
