Gorilla Trekking – What to Expect:
To protect gorillas from viruses and disease, no children under 15 or adults with illnesses are allowed to trek. Gorilla trekking is one of the most incredible wildlife experiences one will ever encounter. **One must be in good physical health/condition to trek gorillas.** In order to prepare you for your trek we suggest you are able to walk 1-2 miles up and down hills easily. Gorilla trekking is usually at an altitude of 7,500 feet. Trekking can take anywhere from 1 hour to 3 hours or so. The terrain can be uneven, up and down hills, muddy, wet and very slippery. There is an option to hire a stretcher for an additional cost and be carried to see the gorillas! The cost is approximately $200 for this service. We also suggest having travel insurance/air ambulance service as well. Water is provided at all times during your trek. There are porters available to carry your camera and other equipment. Your day will begin around 7:30 am. Once your gorilla group is found you will have 1 hour with the gorillas. This is a very special experience you will never forget.
