BAJA CALIFORNIA &
THE SEA OF CORTEZ
AMONG THE GREAT WHALES
MARCH 7-14, 2020 | ABOARD NATIONAL GEOGRAPHIC VENTURE
Discover a miraculous sea, teeming with life, ringed by desert islands alive with wildness. Baja California is like no other place—and much of it accessible only by small ship. Join us and immerse yourself in its splendid solitude.
HOWDY, AGS!

Baja California is a remarkable geography. It provides an opportunity to discover and revel in a pristine wilderness few people imagine exists in our North American ‘backyard.’ The Baja you explore is remote, wild, and untrammeled—and yet not far at all: a short hop from the West Coast. And for East Coast and Midwest travelers, Baja more than rewards your jet travel, especially in the winter with its desert warmth, beauty, scenic undersea, and amazing wildlife.

Roam freely aboard the brand-new *National Geographic Venture*, a nimble expedition ship ruled by wind, wave, and weather, and have the kind of experiences that only nature can provide. In winter, California gray whales give birth and raise their calves in the nursery lagoons. Spend time among them, as you board Zodiacs for extraordinary up-close encounters with these gentle giants and their playful calves, who often surface to make heart-warming eye contact with you.

Explore the Sea of Cortez, where there are countless opportunities to experience a living sea. Observe dolphins by the score and encounter a variety of whales, including deep-diving sperm whales and perhaps even rare blue whales. Snorkel with sea lions, hike into cacti forests of surreal beauty, kayak along remote coastlines—and generally have the place to yourselves.

See, learn, and do more with a team of expert naturalists, including an undersea specialist, who know this area well. For photographers, this paradise offers extraordinary light to capture it all with the help of a Lindblad-National Geographic certified photo instructor.

Baja is one of those places on the planet that supplies the human spirit the tonic of wildness it needs. Few experiences are as rewarding. To reserve your place, please call us at 979-845-7514 or 800-633-7514, or return the enclosed reservation form.

Gig ‘em!

HAVE UP-CLOSE ENCOUNTERS WITH GRAY WHALEs

You can whale watch in a number of places in the world, but only in Baja can you have a personal encounter—and you will have plenty of chances to get up close to these gentle giants. Gray whales migrate annually from their feeding grounds in Alaska to the nursery lagoons on the Baja California peninsula to give birth and nurture their young. Spend time among the mothers and their calves, observing them at water level aboard Zodiacs. They are often incredibly social and have been known to push their newborn calves up to the landing craft. Expert spotters and knowledgeable naturalists join you to ensure and enhance your experiences among these marvelous “friendlies.”

EXPLORE PRISTINE ISLES AND A LIVING SEA

On the other side of the Baja peninsula, in the Sea of Cortez, you discover the uninhabited desert islands that dot the clear blue sea. Search for a variety of whale species, scores of leaping dolphins, and diving seabirds. Hike a forest of giant cacti, kayak or paddleboard in protected coves, snorkel with sea lions, and join a naturalist aboard a Zodiac to observe the diverse birdlife along the shores. When you see Baja’s islands with their desert landscape, rugged cliffs, and white sand beaches reflected in an azure sea, you’ll understand immediately why they have been designated a UNESCO World Heritage site.

Opposite page (clockwise from top): California sea lions basking in the sun; gray whales, Magdalena Bay; the sea often erupts with scores of leaping dolphins; breaching humpback whale; frigatebird.
THE PERFECT MOBILE BASE CAMP TO DISCOVER BAJA

With generous decks that take full advantage of the sun and ocean breezes, and create front-row seats on the remarkable spectacle of marine life in Baja, the brand-new expedition ship National Geographic Venture is uniquely designed to make the most of being in this remote, soul-satisfying geography. The ship is more than comfortable, with spacious cabins, some with step-out balconies, generous windows, and top amenities. Inviting public spaces foster an atmosphere of camaraderie—the lounge, which accommodates the entire expedition community, is where evening recaps take place, and the casual dining room provides unassigned seating for easy mingling.

ONBOARD TOOLS FOR DEEPER EXPLORATION

Because there is much to discover here—cactus forests, desert islands, beautifully indented shores, a calm sea with vivid life beneath the surface, and more, National Geographic Venture is equipped so you can explore. A fleet of Zodiacs lets you experience up-close encounters with whales, dolphins, and sea lions, and land on otherwise inaccessible uninhabited islands. Board one of the single or double kayaks for water-level views of the stunning scenery. Get up and out on a stand-up paddleboard for a personal adventure. Snorkeling gear for all aboard enables you to explore the thriving undersea. There’s even a hydrophone for whale listening and a Remotely Operated Vehicle (ROV) which can operate up to 1,000 feet below the surface.

Opposite page (clockwise from top): The National Geographic Venture is equipped to explore in comfort; kayaking in the calm water of the Sea of Cortez; snorkeling with sea lions; Zen out with yoga and meditation; beach barbecue and bonfire under the stars; go paddleboarding for a personal perspective.
TRAVEL WITH AN A+ EXPEDITION TEAM

Discover Baja with a veteran expedition leader and a team of naturalists well versed in the region’s flora and fauna. An undersea specialist/videographer shoots video for you to enjoy in the comfort of the ship’s lounge, maximizing your understanding of Baja’s incredible marine environment. A Lindblad-National Geographic certified photo instructor assists you in capturing moments at the heart of your experience. Plus, a wellness specialist helps enhance the relaxing and revitalizing benefits of life in this magical region.

IN A LAND WITH PERFECT LIGHT, SHOOT GREAT PHOTOS

Make the most of the unrivaled photo ops of Baja California’s wild islands, whales, dolphins, and seabirds with the Expedition Photography program. The onboard Lindblad-National Geographic certified photo instructor offers assistance, instructions, and shooting tips in the field. Their expertise will inspire you and help you improve your skills—no matter your current ability or interest level—and ensure you return home with incredible photos.

EXCLUSIVE ONBOARD GEAR LOCKER

Dive into the onboard B&H Photo Video Gear Locker to field test new glass, camera bodies, and more—free. Plus, ask about pre-voyage discounts and benefits.

Opposite page (clockwise from top): Hiking amidst giant cacti; guests spot mobula rays during Zodiac outing; photo instructor shares tips in the field; undersea specialist captures a sea lion on video; smartphone user photographs sunset in the Sea of Cortez.
BAJA CALIFORNIA & THE SEA OF CORTEZ: AMONG THE GREAT WHALES
8 DAYS/7 NIGHTS—ABoard NATIONAL GEOGRAPHIC VENTURE

Seeing gray whales in their natural habitat is one of the great delights of this voyage. In Magdalena Bay, venture out in small boats among these magnificent creatures. In the Sea of Cortez, search for a variety of whales, plus dolphins, blue-footed boobies, pelicans, cormorants, and magnificent frigatebirds. You’ll also snorkel among sea lions, join naturalists on hikes amid barrel cacti and sculpted sand dunes, and see a variety of desert flora and fauna.

**DAY 1: LORETO/EMBARK**
Upon arrival in Loreto, embark National Geographic Venture. Savor the sunset as we set sail. (D)

**DAY 2: EXPLORING THE SEA OF CORTEZ**
Our plan is flexible as we explore some of the sea’s many uninhabited islands. The captain and expedition leader will choose the perfect combination of activities for the day. We may go ashore at Isla San Francisco, where a sweeping arc of white sand beach beckons you to kayak or stand-up paddleboard. Or, hike to the nearby ridge for unparalleled views over Isla Danzante with your naturalist. You may also visit the abandoned salt works on Isla Carmen. You’ll get a chance to see the great diversity offered in the Sea of Cortez, and with some luck, spot the amazing wildlife. (B,L,D)

**DAY 3: LOS ISLOTES AND LA PAZ**
Awake this morning off the rocky island of Los Islotes, where we’ll don flippers, a mask, and snorkel (which
we provide) and swim with curious sea lions. Then we’ll reposition to the colorful city of La Paz to garner insight into the culture of Mexico, soak in the vibrant street art, and stroll the lively malecon on a guided walking tour. Dinner will be an unforgettable cultural experience, complete with local cuisine, dancing, and folklore (B,L,D).

**DAY 4: CABO PULMO AND GORDA BANKS**
Kickstart your day snorkeling the pristine reefs of Cabo Pulmo National Marine Park, one of the most successful national marine parks in the world, and chat with locals about their advocacy to protect this unique place. We’ll spend the afternoon searching the seas of Gorda Banks seamount, a renowned gathering place for whales, especially humpbacks, dolphins, and other sea life, capping off our day with a majestic sunset over the iconic Friars Rocks at Land’s End. (B,L,D)

**DAY 5: THE HULL CANAL AND CRUISING**
Ease into your day with morning stretch hosted by the onboard wellness specialist on the sundeck, enjoy a lecture, or join your naturalists onboard as we travel north along the coast of the peninsula. There is a chance of seeing a wide variety of marine life, including the largest animal on Earth, the blue whale. Midday, we’ll arrive into Magdalena and anchor in the Hull Canal where we’ll explore the vast mangrove system via kayak, stand-up paddleboard, and Zodiac, and learn how these massive ecosystems support their surroundings. (B,L,D)

**DAY 6: BOCA DE SOLEDAD**
Each winter, during their long migration, gray whales travel south from their Arctic feeding grounds to breed and give birth and raise their calves in these sheltered waters. We’ll transfer to López Mateos and spend the full day observing, and with luck, interacting with these majestic creatures. Together with savvy local Mexican fishermen, we’ll venture out in Zodiacs to view the numerous mother-calf pairs that thrive in this sheltering region. Enjoy lunch at a local restaurant before heading back to the ship in late afternoon. (B,L,D)

**DAY 7: BAHÍA ALMEJAS/ REHUSA CHANNEL/ISLA MAGDALENA**
Awake anchored in Bahía Almejas, the southernmost part of the Bay. We’ll stop at a large frigatebird colony enroute to the spectacular whale grounds of Bahía Almejas. Whales in this part of the bay tend to be very active, seemingly oblivious to our presence, so settle in for some great experiences. During lunch, the ship will reposition to Isla Magdalena where we’ll head to shore to explore the ever-shifting sand dunes on a cross-island walk to one of the most pristine beaches in the Pacific. Bird-watching here can be excellent, it’s not unusual to see forty species of birds in just one day along these fertile shorelines. (B,L,D)

**DAY 8: SAN CARLOS/LORETO/DISEMBARK**
Disembark in San Carlos after breakfast and transfer to Loreto. Here you can choose to visit the first mission in Baja California, as well as the nearby museum to learn more about what makes this town so special. Enjoy free time to explore the quaint shops and vibrant side streets. After lunch, transfer to Loreto Airport for flights home. (B,L)
**NATIONAL GEOGRAPHIC VENTURE**

**CAPACITY:** 50 cabins accommodating 100 guests.

**REGISTRY:** United States. **OVERALL LENGTH:** 238 feet.

*National Geographic Venture*, launched in 2018, is the sister ship to *National Geographic Quest*. Designed with over 50 years of expedition heritage and built in the U.S.A., both ships set a new standard in exploration comfort and style.

**PUBLIC AREAS:** Global gallery; fitness center; LEXspa; lounge with full service bar and facilities for films and presentations; observation deck; mudroom with lockers for expedition gear, and a partially covered sundeck with chairs and tables. The “open bridge” provides guests an opportunity to meet the officers and captain to learn about navigation.

**MEALS:** Served in single seatings with unassigned tables for an informal atmosphere and easy mingling. Breakfast is a wide-selection buffet, and lunch is often served family-style. Cuisine is fresh, sustainable, and accented with regional flair.

**CABINS:** All cabins face outside with windows or portholes, private facilities, and climate controls. Category 4 cabins have step-out balconies.

**EXPEDITION EQUIPMENT:** A fleet of 8 Zodiacs and 24 kayaks, paddleboards, snorkeling gear for all guests, Remotely Operated Vehicle (ROV), hydrophone, splash-cam, underwater video camera, and video microscope.

**SPECIAL FEATURES:** Guest internet access, elevator, Lindblad-National Geographic certified photo instructor, undersea specialist, video chronicler, and ship physician.

**WELLNESS:** The vessel is staffed by a wellness specialist and features a gym with an elliptical machine, treadmill, exercycles, handweights, and resistance bands. Treatments in the LEXspa are available by appointment.

Prices are per person, double occupancy unless indicated as solo.

BRING THE KIDS: Sharing an expedition with your kids or grandkids is a life-enhancing experience. So, take $500 off the double occupancy price for travelers under 18.

TERMS AND CONDITIONS

COSTS INCLUDE: Accommodations aboard ship; all meals and nonalcoholic beverages aboard ship; shore excursions, sightseeing, special access permits, and entrance fees; transfers to/from airport if traveling on group flights; use of kayaks, paddleboards, and snorkeling gear; taxes, service charges, and gratuities (except to ship’s crew); services of Lindblad Expeditions’ natural history staff and a ship physician. Unused services or items included in this program are non-refundable.

NOT INCLUDED: Airfare; meals not indicated; passport and visa fees; travel protection plan; items of a personal nature such as alcoholic beverages, voyage DVD, Wi-Fi access, and laundry; gratuities to ship’s crew at your discretion.

AIRFARE: Airfare is an additional cost. Sample airfares are subject to change. Lindblad will gladly assist in making your air arrangements for a $50 per person service charge.

RESERVATIONS: To confirm your place, an advance payment of US$750 per person is payable by check, Visa, MasterCard, American Express, or Discover.

FINAL PAYMENT: Due no later than 90 days prior to departure.

TRAVEL PROTECTION PLAN: Travel protection and medical insurance are available at extra cost. Information will be sent to you upon registration.

ENTRY AND VISA REQUIREMENTS: Guests are advised to verify travel documents (passport/transit visa/entry visa) for the country through which they are transiting and/or entering. Reliable and most current information regarding international travel can be found by contacting the consulate/embassy of the country(s) you are visiting or transiting through. We will not be responsible if you are denied entry or transit into a country, if you are unable to provide valid documents as per the country’s requirement.

SMOKING POLICY: Allowed only in designated outdoor areas.

RESPONSIBILITY AND OTHER TERMS & CONDITIONS: Certain other provisions concerning, among other things, limitations of Lindblad Expeditions’ and the National Geographic Society’s liability for loss of property, injury, illness, or death during the voyage will be provided to all guests on the ship’s ticket sent prior to departure or upon request. By registering for a trip, the guest agrees to all such terms and conditions.

Note: Itineraries and prices listed in this brochure are as of publication date and are subject to change. Under normal conditions the total expedition price is guaranteed at the time of booking. However, our expedition pricing is determined far in advance of initial departure on the basis of then-existing projections of fuel and other costs. In the event of increases in those costs, including but not limited to increases in the price of fuel, currency fluctuations, increases in government taxes or levies, or increased security costs, we reserve the right to adjust the price of your expedition or add a surcharge to cover such unexpected increases. We will always provide an explanation of the reason for increase in costs.

No funds donated to The Association of Former Students or to Texas A&M University have been used in the production or mailing of this travel brochure; all such costs are covered by the tour supplier.
