# GALÁPAGOS—WHERE NATURE & MAGIC MEET

*Giant tortoise in the highlands.*

The power and relevance of our needs as humans to connect with nature cannot be underestimated. That connection is perhaps at its greatest level in Galápagos. The vast number of animals living in the Galápagos archipelago is a major reason you have chosen to travel to this remote

part of the world. Where else on the planet can you get close to the wildlife in the context of no fear at all? This is a marvelous experience for the human spirit and the itinerary ensures that you will have it often—exploring the key islands in the archipelago and seeing the iconic species that make this region so unique.

You'll come eye-to-eye with the famous giant tortoises roaming in the wild. Encounter blue-footed boobies nesting along a trail. Stand paces away from courting, red-throated frigatebirds. Watch your footing to avoid disturbing a sea lion lounging on a white sand beach. And swim with penguins, marine iguanas, and playful sea lions—experiences that can transform lives.

## EVERY DAY IS FILLED WITH ADVENTURE

This expedition is designed to optimize your individual experience of Galápagos. What would you like to do today? Which of the many activities on offer—from walks to more energetic hikes, to Zodiac shore cruises, to paddling adventures—suits your interests today? Our operation is geared to get you off the ship, out exploring and actively experiencing all the kaleidoscopic wonders

Galápagos offers, from swimming with sea lions off a pristine arc of beach, to snorkeling with a passing flotilla of Pacific green sea turtles. Make it yours.

# LIFE ABOARD NATIONAL GEOGRAPHIC ENDEAVOUR II

Completely refitted, christened, and launched in Galápagos in 2017, the *National Geographic Endeavour II* is a floating base camp for exploring the islands. The ship accommodates just 96 guests in 52 thoughtfully appointed cabins, including dedicated solo cabins, connecting cabins, and suites. With an expansive open-air

observation deck and lavishly windowed throughout the public spaces, cabins, and suites, she ensures stunning views of the never-ending panorama and access to the natural world. Designed and equipped with the benefit of 50 years experience in Galápagos, she is the perfect platform for exploring these islands, with a fleet of onboard tools—snorkel gear for every guest, kayaks, and stand-up paddleboards for personal forays. *National Geographic Endeavour II* also carries a glass-bottom boat, granting everyone a window on the undersea, with a naturalist aboard to illuminate the vivid life there.

*Zodiacs are easily launched to bring guests ashore.*

## THE HEART OF THE EXPERIENCE

The warmth, humanity, and dedication of the expedition team, officers, and crew are unequalled. The engaging naturalists, many of whom were born and raised in the Galápagos, have a deep understanding of all aspects of the islands' natural and human history, and are experts in ornithology, geology, zoology, the undersea, and conservation. Your time with them will greatly enhance your understanding of this remote archipelago.

A certified photo instructor is aboard to help you take advantage of the myriad photo opportunities. They are not only skilled photographers—trained to help you understand your camera and improve your skills—but also naturalists who can guide you in capturing the incredible wildlife behavior on display right in front of you.

*Opposite page (clockwise from top): Photo instructor offers tips in the field; stay dry and explore the undersea in a glass-bottom boat; choose between kayaking or paddleboarding to explore on your own; guest photographs marine iguanas up close.*
