

TRAVELING AGGIES

For more than 50 years, the Traveling Aggies have visited some of the greatest sights in the U.S. and more than 120 countries. Travelers have bungee-jumped in New Zealand, fished for piranha in the Amazon, flown in balloons over the Serengeti desert and canoed along the Lewis and Clark trail. As one of the oldest and largest alumni travel programs in the nation, the program's mission is to ensure that each traveler has the trip of a lifetime.

SPORTING TRAVEL

Since 2011, sporting travel has played an important role in the Traveling Aggies program. Past experiences have included big game hunting in South Africa, wingshooting adventures in Argentina and offshore fishing in Panama. The program continues to expand and more destinations and types of trips will soon be available to travelers.
